

Training Delivery

This is the Training Delivery Policy Statement of GEN2 Engineering and Technology Training Ltd.

Purpose

The purpose of this policy is to ensure that all training and assessment provided by Gen2 aligns with relevant legislation, regulatory and regulatory bodies requirements and educational best practice.

Training

Gen2 is committed to providing the highest standards of education, training and assessment.

The organisation has strategies in place for training delivery and assessment for each qualification and accredited course within the organisation's scope of registrations.

Gen2 has access to the qualified staff, facilities, equipment, training and assessment materials required to provide the training and/or assessment services within the scope of its registrations and scale of operations to accommodate learner numbers, customer needs, delivery methods and the associated assessment requirements. Gen2 ensures that in developing, adapting or delivering training and/or assessment products and services it will ensure the following:

- Diverse modes & methods of teaching, learning and assessment i.e., flip, remote, face to face and workplace is available to suit employer and learner need.
- Our learners will benefit from a comprehensive learning package inclusive of personal development in addition to their core programme content.
- Customisation meets the requirements specified in the relevant training package or accredited courses.

- Language, literacy and numeracy requirements are delivered to meet the qualification and individual needs of each learner.
- Delivery models and training and assessment materials will meet the needs of our diverse range of learners.
- We will work collaboratively with the employer to identify all elements of on and off the job training. We will deliver current, relevant development of knowledge, skills and behaviours in line with sector best practice.
- Individual learning plans are developed, documented, implemented and monitored for each learner on programme.
- Using our bespoke on-line learner and IMS platform (BUD) we will monitor and track the learner's progress.

Gen2 ensures that training and assessment is delivered by a person who is a:

- Subject matter expert and a qualified trainer or working towards dual professional status.
